

**Since 2012, our
BioVantage Program
has saved life science
members over
\$50 million and all
contract users over
\$170 million!**

One of IowaBio's most popular membership benefits is access to incredible savings made available by our BioVantage Program contract vendors. These savings include product discounts, free shipping, and single point-of-contact consultation.

Read more about each vendor at www.iowabio.org/biovantage-program. If you would like to start saving money or have any questions, please reach out to IowaBio staff or the vendor representatives listed below.
